6. Resolution on Authorizing the Company to Acquire its Own Shares and on their Utilization

Since the authorization issued by the last Annual Meeting allowing the company to acquire its own shares is due to expire in the course of the current financial year, the Board of Management is to be granted a new authorization to acquire the company's own shares.

The Board of Management and the Supervisory Board submit the following resolution for adoption:

- a) The company shall be authorized to acquire shares in the company in order to
- be able to offer company shares to third parties in the context of mergers with companies or in the context of the acquisition of companies or participating interests in companies or
 - offer such shares for subscription to members of the Board of Management of the company, members of management of affiliated companies pursuant to sections 15 et seq. German Stock Corporation Act (Aktiengesetz) and other management employees of the company and its affiliated companies (hereinafter collectively referred to as "management") in the context of the Stock Option Plan approved at the Annual Meeting on April 19, 2000 under Agenda Item 8 or
 - offer them as employee shares to employees of the company and its affiliated companies pursuant to sections 15 et seq. German Stock Corporation Act (Aktiengesetz) or, if the employee shares are acquired as part of securities lending, to use them to fulfill the obligations arising from this securities lending or
 - cancel such shares.

b) The authorization is limited to the acquisition of shares with an allocable portion of capital stock of €267,000,000.00, which is nearly 10% of the capital stock of €2,673,225,752.60 as of December 31, 2006. The authorization may be exercised within the above limitation wholly or in installments, once or several times for the pursuit of one or more purposes.

The acquired shares may not, in combination with other shares owned by or in the possession of the company or to be attributed to the company pursuant to sections 71 a et seq. German Stock Corporation Act (Aktiengesetz), at any time exceed 10% of the capital stock.

The authorization shall take effect on April 5, 2007 and shall be valid until October 4, 2008. The authorization for the company to acquire its own shares resolved by the Annual Meeting of the Shareholders of DaimlerChrysler AG on April 12, 2006, shall lapse as from the time that this new authorization comes into effect.

c) The acquisition shall be accomplished via the stock exchange or through a public offering made to all shareholders of the company.

If the acquisition of shares is accomplished via the stock exchange, the amount paid by the company per share (excluding transaction costs) may not exceed the price determined at the opening of Xetra trading (or at the opening of a functionally equivalent successor to the Xetra system) on the Frankfurt Stock Exchange by more than 5% and may not be more than 5% lower than that price.

If the acquisition is accomplished through a public offering to all shareholders of the company, the offered purchase price or the prescribed values of the offered purchase price range per share (excluding transaction costs) may not exceed the closing price at the close of Xetra trading (or at the close of a functionally equivalent successor to the Xetra system) on the Frankfurt Stock Exchange on the third trading day prior to the day of publication of the offering by more than 20% or be more than 20% lower than that price. The volume of the offer may be limited. If the entire subscription of the offer exceeds this volume, acceptance must be in proportion to the shares included in each offering. A preferential acceptance of a lower number of up to 100 company shares offered for purchase per shareholder of the company can be stipulated.

d) The Board of Management is authorized to offer company shares acquired as a result of the aforementioned authorization to third parties in the context of corporate mergers or the acquisition of companies or participating interests in companies.

e) The Board of Management is authorized to use company shares acquired as a result of the aforementioned authorization to meet the stock subscription rights granted to management in the context of the Stock Option Plan approved under Agenda Item 8 by the Annual Meeting of the Shareholders on April 19, 2000. The decision on the extent to which such shares are to be transferred to members of the Board of Management lies with the Supervisory Board of the company.

The key conditions of the DaimlerChrysler Stock Option Plan were adopted by the Annual Meeting of the Shareholders on April 19, 2000. They can be examined as an integral part of the notarized minutes of the Annual Meeting of the Shareholders on April 19, 2000 in the Commercial Register in Stuttgart. They can also be examined on the Internet at <http://www.daimlerchrysler.com/ir/am2007>.

f) The Board of Management is authorized to issue company shares acquired as a result of the aforementioned authorization to employees of the company and its affiliated companies pursuant to sections 15 et seq. German Stock Corporation Act (Aktiengesetz) or, if the employee shares are acquired as part of securities lending, to use them to fulfill the obligations arising from this securities lending.

g) The Board of Management is authorized to retire and cancel company shares acquired as a result of the aforementioned authorization without the cancellation or execution thereof requiring an additional resolution by the Annual Meeting of the Shareholders.

h) The authorizations described under points d), e), f) and g) above may be exercised wholly or in installments, once or several times, individually or together. The price at which shares in the company are issued to third parties pursuant to the authorization in d) may not be more than 5% lower (excluding transaction costs) than the price at the opening of Xetra trading (or at the opening of the functionally equivalent successor to the Xetra system) on the Frankfurt Stock Exchange on the date of the binding agreement with the third party.

i) The right of shareholders to subscribe to the company's own shares shall be excluded in so far as these shares are used as a result of the aforementioned authorizations in d), e) and f).

7. Resolution on the Election of a Supervisory Board Member

The term of office of Supervisory Board member Hilmar Kopper will expire at the end of this Annual Meeting, and it is necessary to elect a new member to the Supervisory Board.

In accordance with sections 96 (1) and 101 (1) of the German Stock Corporation Act (Aktiengesetz) and section 7 (1) sentence 1 no. 3 of the Employee Codetermination Act (MitbestG), the Supervisory Board is composed of ten shareholder representatives and ten employee representatives.

In electing shareholder representatives, the Annual Meeting of the Shareholders is not bound by any recommendations.

The Supervisory Board proposes that

Prof. Dr. Clemens Börsig, Frankfurt am Main, Germany, Chairman of the Supervisory Board of Deutsche Bank AG

be elected to the Supervisory Board as a shareholder representative with effect from the close of this annual meeting for the period ending at the close of the Annual Meeting of the Shareholders resolving on the ratification of the actions of the Supervisory Board for the 2011 financial year.

Prof. Dr. Börsig is chairman of the Supervisory Board of Deutsche Bank AG, he is further a member of the Supervisory Board of:

Deutsche Lufthansa AG
Linde AG
Heidelberger Druckmaschinen AG

He also holds offices in comparable domestic or foreign bodies at:
Foreign & Colonial Eurotrust PLC

In connection with its proposal on the election of a new Supervisory Board member the Supervisory Board, in its meeting in February 2007, has declared its intention to elect Dr. Manfred Bischoff as Chairman of the Supervisory Board, subsequent to the Annual Meeting.

8. Resolution on Amendment of the Memorandum and Articles of Incorporation due to the Transparency Directive Implementation Act

The Transparency Directive Implementation Act (Transparenzrichtlinie-Umsetzungsgesetz, TUG) became effective in January 2007 and specifies that the conveyance of information to shareholders by electronic means has to be approved by the Annual Meeting. In order to have the ability to provide this practical and environmentally sound form of communication a corresponding amendment of the Memorandum and Articles of Incorporation is necessary.

The Board of Management and the Supervisory Board submit the following resolution for adoption:

a) The Memorandum and Articles of Incorporation are to be amended prior to Chapter VI (Financial Statements and Allocation of Unappropriated Profit) by adding a new Section 20 with the following wording:

“§ 20 Conveyance of Information
Information to shareholders can also be conveyed by electronic means.”

b) The numbering of the previous §§ 20 - 24 changes by one digit to §§ 21 - 25. The order remains unchanged.

Re Agenda Item 6):

Report of the Board of Management concerning the exclusion of stock subscription rights in the event of the sale of the company's own shares pursuant to section 71 (1) sentence 5 in conjunction with section 186 (4) sentence 2 and section 186 (3) sentence 4 of the German Stock Corporation Act (Aktiengesetz):

The sale of the company's own shares shall be permitted in all of the following cases, without any pre-emptive rights of the shareholders:

Among other things, the authorization under Agenda Item 6 is intended to give the company the opportunity to have its own shares available to use as consideration in the context of corporate mergers or the acquisition of companies or participating interests. International competition and the globalization of the economy increasingly demand this form of consideration.

The proposed authorization would grant the company the necessary flexibility to exploit as they arise opportunities to acquire companies or participating interests quickly and flexibly. There are no concrete plans to utilize this authorization. The Board of Management will report to the Annual Meeting of the Shareholders on any utilization of this authorization.

The DaimlerChrysler Stock Option Plan approved at the Annual Meeting of the Shareholders on April 19, 2000 can be serviced with the conditional capital resolved at that Annual Meeting. The resolution proposed under Item 6 of this year's agenda is intended

to give the company the opportunity to also service the Stock Option Plan through the prior acquisition of its own shares.

The key conditions of the DaimlerChrysler Stock Option Plan were adopted by the Annual Meeting of the Shareholders on April 19, 2000. They can be examined as an integral part of the notarized minutes of the Annual Meeting of the Shareholders on April 19, 2000 in the Commercial Register in Stuttgart.

They can also be examined on the Internet at <http://www.daimlerchrysler.com/ir/am2007>.

The decision on how the options are to be serviced in each case will be made by the relevant boards of the company. Their decision will be guided exclusively by the interests of the shareholders and the company and they will report on their decision at the subsequent Annual Meeting after any such decision has been made.

In addition, the company must be able to issue employee shares to employees of the company and its affiliated companies.

In order to facilitate the issuance of employee shares, the company should be allowed to obtain the necessary shares by using securities lending to acquire shares in the company and, where necessary to use shares in the company to meet the reimbursement claims of the lenders.

The company should be able to retire and cancel its own shares without a new resolution being adopted by the Annual Meeting.

In addition to purchasing shares via the stock exchange, the company shall also be given the opportunity to acquire shares in the company through a public offering (tender procedure). This alternative provides that any shareholders of the company willing to sell can decide how many shares to sell and, if a price range is set, at what price they are willing to offer them. If the volume offered is in excess of the quantity of shares requested by the company, acceptance of the offers to sell must be allocated proportionally. It should be possible to allow preferred acceptance of small offers or small portions of offers of up to a maximum of one hundred shares. This possibility serves to avoid fractional amounts and small residual quantities in determining the quotas to be acquired, and thus facilitates technical settlement.
